2. Home Page

2.1 App's Dashboard

- On the left-hand side driver's name, business name, trip no and start location (origin displayed).
- On the right-hand side VIN no, date and ELD no is displayed in green
- Daily mile driven count displayed on the left and week's count on the right respectively.

703-349-0905

support@simpleelog.com

www.simpleelog.com

2.1.1 VIN Selection

In Some case trucks may not stream the VIN. In order to resolve this

- Login into WWW.simpletruckeld.com
- In the dashboard from the left menu click "My fleet".
- Click "Add Fleet" pop screen opens.
- Please fill in the VIN, Plate number and Truck no and click "Save".
- Continue step 1 - 4, if you have more than one truck.
- Now when you login from the APP, when the VIN is not streamed, you will get a pop up, listing the truck no's (the information we have added in "My fleet".)
- Select the truck number.
- Now the App will bind the VIN to the SSID, so that VIN will be part of the data stream from the Truck. This information will be stored in the ELD device till such time it is removed from that

	The following categories are available: Default – Select for on duty driving Personal Use – Select for personal use Yard Moves – Select for yard shuttle service
	If you select Default , the Duty of Status dialog box is enabled. You can choose an appropriate option based on the driving situation.

2.1.3 How to select Duty of Status

SAM -123333333...
Aug 15, 2017
Hino Motors Mfg IOSIX ELD: 2459127
Trip No: 2805 Origin: KANSA S Dest: WIS-CON-
Driving Default

703-349-0905

support@simpleelog.com

www.simpleelog.com

- a. If the Driving Mode is Default, the Duty of Status dialog box appears.
- b. Click on the appropriate Duty of Status.
- c. The selected Duty of Status is displayed on the ELD Dashboard.

A dark blue dialog box titled "Duty of Status". Below the title, it says "Choose the duty of status:". There are four options, each with a right-pointing arrow icon: "Off Duty", "Sleeper Berth", "Driving", and "On Duty Not Driving".

2.1.4 Vehicle status

It records the movement of a vehicle. Speed status will change every 5 minutes automatically or you can change manually also if the vehicle is not in motion.

For example, if your duty status is in driving, but the vehicle is idle more than 5 minutes, vehicle status pops and displays a message to change your driving status.

For example, if your duty status is in the On Duty Not Driving, but the vehicle is in motion more than 5 minutes, vehicle status pops and displays a message to change your driving status.

A screenshot of the ELog Dashboard app. At the top, it says "ELog Dashboard" with a hamburger menu icon on the left and a truck icon on the right. Below this, there's a section for "SAM" (Hino Motors Mfg USA, INC) with fields for Trip No. (2805), Origin (KANSAS), and Dest (WISCONSIN). A "Driving" button is visible. Below that, it shows "Hours for 08-04-2017" and "07-28-2017 to 08-04-2017". A "Status Speed Change" dialog box is overlaid on the screen. It contains the text: "CMV is moving without driving status. Would you like to change status to driving?". There are two options with right-pointing arrow icons: "Continue not driving" and "Change to Driving". At the bottom of the app screen, there are four icons: Home, Self Ins., Certify, and Reports.

3. MENU PAGE

Menu page contains all the app features like Home, Self-Inspect, Certify, Reports, Trip Sheets and DVIR.

For example, if you are entering Trip sheet details and if you want to move to DVIR, you can select Menu icon on the top left and you can easily navigate to different features in the App.

Once you are done with your driving service you can sign out of the app by clicking the Sign out from the top left menu icon.
